#### **Bry-Air Welcomes Vice President, Engineering**

Sunbury, Ohio - August 6, 2008 - Bry-Air, Inc., manufacturer of custom dehumidification units, welcomes Terrence (Terry) Lansing as the newest addition to the Bry-Air team. Terry graduated from Franklin University, Columbus, Ohio with a Bachelor of Science in Electronics Engineering Technology and Masters Degree in Business Administration.

Terry joins Bry-Air from Avure, headquartered in Kent, Washington, where he managed global operations in facilities located in Ohio, Pennsylvania and Sweden, including full responsibility for engineering, manufacturing, project management, and field and customer service. As Vice President, Engineering, Terry will provide the leadership necessary to ensure that all Bry-Air's products and services meet or exceed customer expectations now and in the future.

Looking forward, Mr. Meyers, President & CEO, said, "We have assembled an exceptional team of talented and knowledgeable engineers with desiccant dehumidification and HVAC industry experience who are committed to delivering the best possible solutions to moisture and humidity problems for our customers."
