**Bry-Air furnishes dehumidifiers for Picatinny Arsenal Lithium Battery Room
Dover, New Jersey**

Sunbury, OH, February 2, 2011 - Bry-Air, Inc., Sunbury, Ohio is teaming up with Controlled Environmental Systems, Houston, TX, to provide an ultra low humidity Lithium Ion Battery production clean room for the United States Military base located at Picatinny Arsenal, Dover, New Jersey.

For over 45 years Bry-Air, Inc. has been a leading manufacturer in producing custom designed desiccant dehumidification units. Bry-Air takes the time to know what their client's needs are, so they can find the optimal solution for their moisture and humidity problems. For more information on Bry-Air, Inc. and Bry-Air's services, contact Linda Geddis at 740-965-2974 or email to lgeddis@bry-air.com.
